The Three Links Camp is designed for group use as well as for individuals desiring a camping experience. Our Board has set aside 1 week in July offering an outdoor experience to Youth ages 7 years to 14 years. Girl/Boy separate Dormitories are the sleeping arrangements. Meals are in a Multipurpose Building. A Craft Building is used every day for creative things to take home and enjoy. The camp has a swimming pool for supervised recreation. Children experience the great outdoors while meeting and interacting with other children from all walks of life and from different home locations. We expect these experiences to help each child make lasting friendships and to develop skills that will help them be successful in a variety of situations. The camp is located in the beautiful high Sierra Mountains at 4800 feet. The air is clean and invigorating, and we are in the midst of nature's great creations. We hope your child will remember the time they spend at Three Links Camp as a wonderful experience. We encourage parents/guardians to bring their children to the camp if possible, to see for you what we have to offer. There will be a Public Festival at the camp on June 23rd and your attendance is welcome to see what is offered.
